# CUT & FINISH WOOL POLISHING PAD

FOR ROTARY POLISHERS

RUPES CUT & FINISH Rotary Wool Pads use only the highest-quality genuine merino wool fibers refined to a consistent 20mm length, assembled in an extremely dense pattern, onto a specially designed foam cushion to deliver an optimized balance between cut and finish. The unique design allows the operator to manipulate the pad in several applications and contour to panel shapes without risk of damage to the surface or uneven cut.

The CUT & FINISH Rotary Wool Pads are compatible with virtually all rotary-style polishers, but perform best with a low speed/high torque tool like the BigFoot LH19E. These pads represent a massive leap forward in rotary pad technology, providing versatility for detailers, bodyshop technicians, or anywhere a rotary polisher finds frequent use.

CODE	DESCRIPTION	UNIT
9.BL150F	for Ø125mm / Ø5" backing pads	1 pcs
9.BL150F/48	for Ø125mm / Ø5" backing pads	48 pcs
